CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

MANAGEMENT DISCUSSION AND ANALYSIS

The board of Directors (the “**Board**”) of the Company is pleased to present the unaudited condensed consolidated results of the Company and its subsidiaries (collectively the “**Group**”) for the three months ended 30 June 2020 (the “**Period**”), together with the comparative figures for the corresponding period in 2019 (the “**Previous Period**”).

BUSINESS REVIEW

The Group is principally engaged in homeware export business as well as the provision of e-commerce business mainly across Europe and the United States. During the first half of 2020, the global business environment was unprecedentedly challenging. With the escalating Sino-U.S. trade tensions and the deepening COVID-19 outbreak across the world, the global economy has fallen into recession. Economic activities were severely disrupted as nationwide lockdowns and various quarantine measures caused business suspension and decline of consumer sentiment. Amid this unfavorable business environment, the Group recorded a decrease in revenue by approximately 17.1% from approximately HK\$14.6 million for the Previous Period to approximately HK\$12.1 million for the Period. However, with the tremendous efforts of our management and marketing team, the loss attributable to owners of the Company decreased from HK\$1.8 million for the Previous Period to HK\$0.2 million for the Period, representing a reduction of approximately 88.9% year-over-year.

Our export business was mostly affected by the business lockdowns and deferred shipments of our European customers. The persistence of stagnant demand resulted in a decrease of approximately 25.1% in revenue in this sector when compared to the Previous Period. In response thereto, our management has taken various measures such as developing higher margin products, for instance, small home appliances and small home furniture. Our efforts have proved successful as the gross profit margin of export business increased from approximately 26.2% in the Previous Period to approximately 31.1% during the Period.

For the revenue of the E-commerce segment, it was approximately 11.0% of the Group’s total revenue in the Period. It recorded a drastic growth of approximately 87.1% in the Period as compared with the Previous Period. The outbreak of COVID-19 has considerably impacted the consumption pattern.

MANAGEMENT DISCUSSION AND ANALYSIS

As people were keener to stay home, online shopping became the mainstream model and thus boosted our e-commerce sales figures in the Period. At the same time, a higher selling price was set to increase the gross profit margin from approximately 11.3% in the Previous Period to approximately 31.7% in the Period.

Last year we commenced a new project to build up and promote our own brand with the aim to capture new sections of customers. In February 2020, our brand product — French home fragrance had already been launched in the market and soonest contributed approximately 3.0% of our total revenue in the Period. As one of the high profit-making products of the Group, our marketing team believes that this brand project will become more dominant throughout the year.

PROSPECT

In view of the uncertainty of the global economy and the unparalleled impact of COVID-19 pandemic, the Group expects that the business environment for the coming financial year would remain highly challenging and uncertain. The Group will continue to pursue and maintain a prudent but proactive approach in the business operation. The Directors believe that the Group will gradually overcome the prevailing challenges and continue to develop its business. Nevertheless, the Group will continue to keep track of the COVID-19 development and react proactively to its possible impact on the performance of the Group.

FINANCIAL REVIEW

Revenue

The Group's revenue for the Period was approximately HK\$12.1 million, representing a decline of approximately 17.1% in revenue as compared to that of approximately HK\$14.6 million for the Previous Period. The decrease of revenue was mainly attributable to the deferred shipments and reduction of sales order from three major customers affected by the COVID-19 outbreak.

MANAGEMENT DISCUSSION AND ANALYSIS

Cost of Sales

The Group's cost of sales decreased by approximately 24.8% from approximately HK\$10.9 million for the Previous Period to approximately HK\$8.2 million for the Period, which was in line with the decrease in revenue during the Period.

Gross Profit

Gross profit increased by approximately 5.4% from approximately HK\$3.7 million for the Previous Period to approximately HK\$3.9 million for the Period. The gross profit margin increased from approximately 25.3% for the Previous Period to approximately 32.2% for the Period. It is mainly due to the increase in sales orders from customers with higher gross profit margin.

Selling and Distribution Expenses

During the Period, selling and distribution expenses decreased from HK\$1.8 million for the Previous Period to approximately HK\$1.7 million. It was mainly attributable to the decrease of staff cost after the restructuring of the e-commerce business operation.

Administrative Expenses

The Group's administrative expenses decreased by approximately 28.2% from approximately HK\$3.9 million for the Previous Period to approximately HK\$2.8 million for the Period. Such decrease was mainly due to the decrease in depreciation of property, plant and equipment, which is because the renovation of our showroom in the PRC was fully depreciated for the year ended 31 March 2020.

Income Tax Expense

The Group's income tax expenses was approximately HK\$34,000 for the Period, which was mainly generated by several subsidiaries with assessable profits for the Period, while income tax expenses of the Group was approximately HK\$4,000 for the Previous Period.

CORPORATE GOVERNANCE

CORPORATE GOVERNANCE PRACTICES

Pursuant to code provision A.2.1 of the Corporate Governance Code (“**CG Code**”) and Corporate Governance Report in Appendix 15 to the GEM Listing Rules, the role of chairman and the chief executive should be segregated and should not be performed by the same individual. The Board believes that vesting the roles of both chairman and chief executive in the same person has the benefit of ensuring consistent leadership within the Group and enables more effective and efficient overall strategic planning for the Group. The Board considers that the balance of power and authority under the present arrangement will not be impaired and this structure enables the Company to make and implement management and corporate decisions promptly, efficiently and effectively. The Board will continue to review and consider splitting the roles of chairman of the Board and chief executive of the Company when it is appropriate and suitable, taking into account the management needs and the corporate circumstances of the Group as a whole.

Save for the deviation from the code provision of A.2.1 of the CG Code, the Company has adopted and complied with all the applicable code provisions set out in the CG Code as contained in Appendix 15 of the GEM Listing Rules, during the Period.
